1. Resumes are requested for job applicants and are used to evaluate the candidate. Resumes are not used for any other purpose and are not shared with any entity unrelated to KOCH. Resumes for individuals not hired are disposed of when they are either no longer under consideration or are considered outdated (usually no longer than one year).
2. Contact information for potential clients or persons seeking business information is collected in order to contact those persons to provide information about our services. To update your information, please contact your account manager or sales representative.
3. This contact information may be stored on our servers in the United States. Such information is usually deleted as space requires or in the normal course of business. To update your information, please contact your account manager.

4. When you sign up for an email newsletter or alerts about our products and services, KOCH will use your email address to deliver the newsletter or alerts requested. Collection and Use of Non-Personal Information:

The www.kochntls.com website uses cookies. A “cookie” is a small text file that contains a string of alphanumeric characters. There are two types of cookies that may be used at the www.kochntls.com website: a persistent cookie and a session cookie. A persistent cookie gets entered by your Web browser into the “Cookies” folder on your computer and remains in this “Cookies” folder after you close your browser. Persistent cookies may be used by your browser on subsequent visits to the site. A session cookie is held temporarily in your computer’s memory and disappears after you close your browser or shut off your computer. The www.kochntls.com website may also use Web beacons (also called “clear GIFs” or “pixel tags”) in conjunction with

cookies. Web beacons are small strings of code that are placed in a Web page.

If you have arrived at this website by clicking on a banner ad for one of our products or services, a session cookie may be used. This cookie will contain an identification number for the ad that you clicked on, or will contain an identification number for the site that you were visiting when you clicked on the banner ad. This session cookie helps KOCH's Marketing Department determine which of our ads attract the most visitors. If, after you arrive at our site, you choose to request further information from us about our products and services, the personal information that you provide in that request will be linked to the information in the session cookie. This also helps KOCH's Marketing Department measure the effectiveness of our advertising. This "linking" will not be used to target future advertisements to you or to send you emails about future goods and services. You will receive emails about our products only if you tell us on the product request page that you want us to send them to you. Because this is a session cookie, it will disappear once you have closed your browser. If you return to our site via another one of our ads, you will appear as a new visitor unless and until you provide further personal information.

The www.kochntls.com website may use persistent cookies, Web beacons and information collected in our log files (such as Internet Protocol Address, referring URLs, etc.) about your activity at this site to better understand how the website is used, resolve technical problems, and enhance your experience at this site. Information from website analysis cookies or about website usage is not combined with information from any other KOCH cookie. We use a third-party email technology to send emails that you have agreed to receive. Web beacons are used in those email messages to measure the effectiveness of our advertising. If you would like to stop receiving KOCH email publications to which you have subscribed, please [click here](#).

In addition, KOCH may serve ads on this and other websites using our own DART ad-serving technology. In doing so, one of our ad servers will place or read a unique ad-serving cookie on your computer and will use non-personal information about your browser and your activity at this site to serve ads on this and other sites. The ad-serving cookie is a persistent cookie. Please [click here](#) for more information about KOCH ad serving or to opt-out of the KOCH ad-serving cookie.

Other than these entities, who act on our behalf, information you provide at this site will not be transferred to unrelated third parties, unless we have your permission to do so. However, please note that personal information provided to this site may be subject to disclosure pursuant to judicial or other government subpoenas, warrants or orders.
